achieving the right workspaces, every day

our solution

addresses the impediments to the creation and evolution of breakthrough workspaces.

The needs of enterprises and the imaginations of workspace creators are limited by long-accepted tradeoffs.

Budget. Furnishings. Aesthetics. Sustainability. Density. Productivity. The flexibility to evolve.

Emphasize one, and the others suffer.

So, we compromise.

Isn't compromise what people do when they're out of options - but aren't options needed more today than ever before?

Why compromise?

Leading Steelcase dealer. Top furniture remanufacturer and custom millwork producer. Cost-reduction services provider. A new category of workspace partner.

bkm Total Office of Texas.

We co-invent breakthroughs with our clients in a workspace optimization process that grows stronger as learning converts to doing.

For enterprises determined to succeed in an uncompromising world, we deliver the right workspaces, every day.

1986
bkm began -
over 25 years ago.

achieving the right workspaces, every day

Yum Brands Inc./Pizza Hut | Plano, TX

Business leaders and employees grow more insistent for a new generation of workspaces that attract, inspire, equip and retain the people responsible for revolutionary results in a changing world.

Our corporate workspace practice has proven that the revolution can be implemented in facilities of any age as well as in new construction. We deliver the right workspaces, every day - beautiful, nurturing, warm, efficient, reconfigurable, sustainable and technology integrated spaces that are planned, built, furnished, and evolved in less time and cost.

Spaces featuring new, customized, remanufactured to new, and refurbished furnishings integrated with custom case goods and millwork. Spaces that integrate the learnings of bkm's corporate, education and healthcare workspace practices.

achieving the right workspaces, every day

McMillen High School | Murphy, TX

Schools competing for the best students and faculty, students preparing for a changed economy, and leaders driving a global educational revolution grow more impatient for the 21st Century classrooms, libraries, kiosks, lounges, cafes, labs, living and office spaces needed to bring the revolution to life.

Can we afford to wait for learning spaces that inspire and prepare us for an uncompromising world?

Our education practice has proven that the learning space revolution can be implemented in facilities both old and new. bkm delivers the right learning spaces, every day - beautiful, reconfigurable, sustainable and technology integrated spaces that are planned, built, furnished, and evolved in less time and cost.

achieving the right workspaces, every day

Forest Park Medical Center | Dallas, TX

Caregivers, administrators, clinicians, and patients grow more insistent on having the attractive, reconfigurable, technology-integrated healing spaces driving a global healthcare revolution's successful, cost effective outcomes.

Multiple challenges stand in their way. Aging buildings and technology. Rising costs. Shrinking budgets. The need for a new generation of furnishings. Regulatory and sustainability issues. Aesthetics. Density. Mobility. Emphasize one, and the others suffer. You can't cure it all, they're told.

Our healthcare practice has proven that we do not have to compromise to deliver the right health spaces, every day - beautiful, nurturing, warm, efficient, reconfigurable, sustainable and technology integrated spaces that are planned, built, furnished, and evolved in less time and cost.

re-creations by bkm

achieving the right workspaces, every day

Re-creations Showroom | Dallas, TX

Customized. Remanufactured to new. Refurbished. Blended with new. Integrated with custom case goods and millwork. Beautiful. Practical. Unique.

Our Re-creations division makes us the leading furniture remanufacturer of workspace furniture in the region, with customers across North America. We inventory over \$5 million of indistinguishable-from-new, LEED-certified Steelcase 9000™, Avenir™, Answer™, and Montage™ systems plus a wide selection of quality brands in Re-creations' 74,000 square foot facility.

At a fraction of the cost of new, our remanufactured and refurbished solutions help fund no-compromise workspaces. Asset lifecycle maintenance keeps it looking new and maximizes ROI. Local service ensures ongoing support while our limited lifetime warranty delivers peace of mind.

our capabilities

We offer a broad portfolio of products and services and a highly experienced staff to help you reach your specific objectives.

Order Fulfillment Process

bkm operations exist to support the order fulfillment process and deliver on the value that bkm offers you. This encompasses every step necessary to provide total customer satisfaction from point of need identification through order and completion of each project.

Project Management

The role of the project manager is to be the single point of contact from point of order through installation completion, inclusive of punch list items. They handle all logistics for site preparation, timing, budget and labor allocation.

Warehousing, Delivery and Installation

A staff supports this process in serving bkm customers. bkm's drivers and installers handle daily deliveries, installations, and move services. bkm has warehouse personnel to handle receiving and shipping duties.

Asset Storage and Tracking

An important component of bkm's total service is to provide management processes for tracking, storing, and utilizing existing furniture assets. bkm has a staff that operates a system to receive, barcode and store your old or new furniture assets.

Re-creations Production

This segment of bkm produces custom solutions, remanufactured systems, refurbishing, and blended solutions.
